printreleaf™

You Print. We Measure.
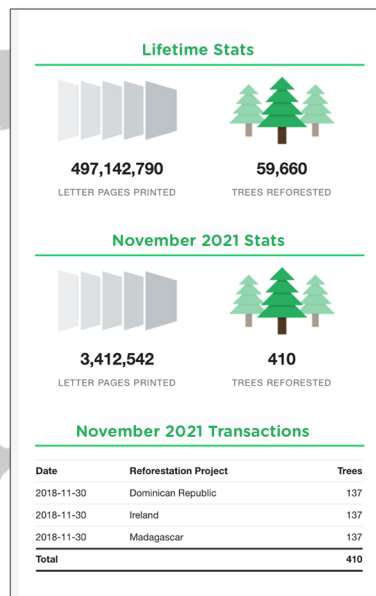

Stacked are proud to be partnering with PrintReleaf to enable customers to reduce their carbon footprint through reforestation.

8,333 =

Signing up to PrintReleaf via your Stacked Managed Print Solution means that one tree will be planted in a forest either in Ireland or in another country of your choice for every 8,333 pages printed on your devices.

Your cumulative environmental impact can be tracked and your accreditations shared from your PrintReleaf Dashboard.

printreleaf™
Authorized Channel Partner

PrintReleaf integrates with your company's existing print software to measure your paper consumption in real time.

PrintReleaf Exchange reverse-calculates how many trees were deforested to harvest your forest footprint.

Your forest footprint is automatically reforested at global reforestation projects of your choice.
